

Progress Review for 2005 (Year One Analysis):

Action Plan for Liver Disease Research

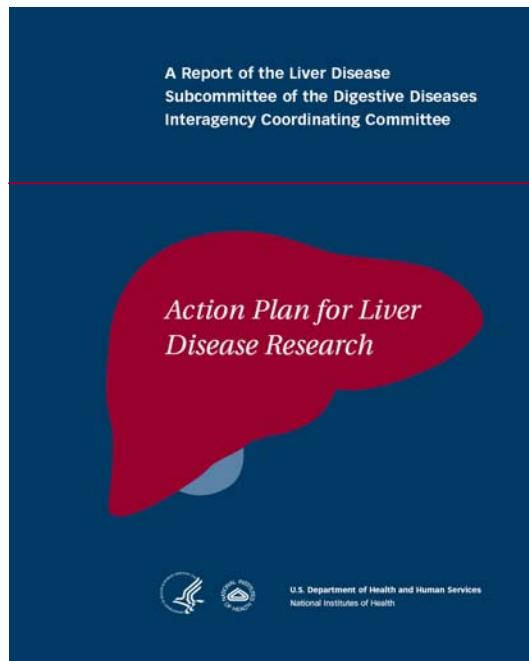

Table of Contents

Objective.....	3
Introduction.....	3
Action Plan: 16 Topic Areas of Liver Disease-Related Research.....	5
Active Initiatives in Liver Disease Research.....	6
NIH Funding of Liver Disease Research.....	9
Progress Review (Year One Analysis: 2005).....	10
Chapter 1. Cell and Molecular Biology of the Liver.....	11
Chapter 2. Liver Injury, Inflammation, Repair, and Fibrosis.....	14
Chapter 3. Developmental Biology and Regeneration.....	17
Chapter 4. Bile, Bilirubin, and Cholestasis.....	20
Chapter 5. Viral Hepatitis.....	23
Chapter 6. HIV and Liver Disease.....	26
Chapter 7. Fatty Liver Disease.....	29
Chapter 8. Drug- and Toxicant-Induced Liver Disease.....	32
Chapter 9. Autoimmune Liver Disease.....	35
Chapter 10. Pediatric Liver Disease.....	37
Chapter 11. Genetic Liver Disease.....	40
Chapter 12. Liver Transplantation.....	43
Chapter 13. Complications of Liver Disease.....	46
Chapter 14. Liver Cancer.....	49
Chapter 15. Gallbladder and Biliary Disease.....	52
Chapter 16. Liver Imaging and Biotechnology.....	55
Benchmark Goals.....	57
Conclusions and Future Plans.....	60
Appendix 1. Acronyms Used in this Progress Review.....	A-1
